Planes Succor Starving Herds Snowbound in Colorado

Organizers Appointed

Jan Lakeman, chairman of the provincial council of U.C.I.O. unions in Alberta, announces that the International Woodworkers of America have appointed two organizers for Alberta.

BOTH HAVE BEEN surveying the areas of lumber production and have already set up organizational committees in some areas. An effort will be made in Calgary and Edmonton to organize box factories, furniture factories and other industries where wood is used in manufacturing.

It is expected that several thousands of workers in the woods as well as in wood-working industries will soon be organized in two principle localities, one in Calgary and one in Edmonton with sub-localities in outlying districts such as Wainwright, Whitecourt, Edson, and other points.

THE ORGANIZERS in the field are: Dave Graham of Wainwright, Alberta and H. Berggren of British Columbia. Headquarters are being established and until a place is found for offices, the offices are in the Labor Council Headquarters, room 13 Imperial Bank building.

PLANO PLATING DOES NOT DEVELOP FINGER MUSCLES

It is popularly believed that a pianist must develop the muscles of his fingers for sustained playing. The truth is, however, that playing a piano, like operating a typewriter, is not much connected with finger muscles, but a matter of development and control in the muscles of the wrist and forearm, along with those in the hand. Every time a finger is lifted, it is lifted by muscles from the wrist. That is why pianists and typists say that wrist development is most important.

DOMINION HELPS ALBERTA WITH HUGE DAM PROJECT—Development of the most ambitious irrigation program ever undertaken in Canada is gaining momentum in southern Alberta after construction work on the \$6,000,000 St. Mary river dam southwest of Lethbridge was inaugurated by Rt. Hon. C. D. Howe.

Under the proposed scheme the federal government will build numerous dams, reservoirs and hundreds of miles of main canals to make water available for irrigation from the St. Mary, Milk, Waterton and Belly rivers. Rt. Hon. C. D. Howe, left, and Premier Ernest Manning went to the dam to go underground. W. L. Foss, centre, is engineer.

French Boxer Hopes To Take Back Title

NEW YORK, Nov. 30 (HUP)—Today, a young Frenchman is limbering up his fists at a training camp in New York City. He's really young, 30 to be exact, but in the boxing game they say 30 is over the hump.

This French fighter should be on his way down. He's been winning his fights ever since he was a teenager kid in the boxing ring of Casablanca. A stocky-built, one hundred-and-fifty pounder, the French fighter can count 36 professional fights and he may be forgetting a few, at that.

BUT MARCEL CERDAN (left), the Frenchman's name, is determined America won't forget him—as they did another great French fighter, but were important.

Feasting on corn at St. Mary's, Alta., dam site, key of the \$20,000,000 irrigation project, are J. Blackmore, MP, Mr. Howe and Sen. W. A. Buchanan. Dominion and Alberta share costs.

When Cerdan arrived in the United States on the 29th of this month, he was greeted by a crowd of 2000 people at the 20th Century Sporting Club. He was greeted by a crowd of 2000 people at the 20th Century Sporting Club. He was greeted by a crowd of 2000 people at the 20th Century Sporting Club.

Britain's Wartime Spirit Acclaimed

The most remarkable thing about Britain in war time was the spirit of exultation with which the people faced the most desperate moments. These were the moments expressed by Prof. G. H. C. of St. Stephen's College when he addressed the regular meeting of about 100 members and friends of McGill University's Association Wednesday evening.

PROF. CAIRD FURTHER likened their spirit to that at a cricket match where the spectators kept track of the score. When the struggle was at its worst the ordinary man was more impressed with the beauty of the falling fire bombs which were like giant candles in many colors; than with the magnitude of the fire.

ONE OF THE compensations of the blackout was that Britons became aware of the beauty of the night sky. Dwellers in the powerfully illuminated cities in many instances had never seen the sky.

The Rev. Bainbridge introduced the speaker and T. H. Wells expressed the appreciation of the meeting for the address.

Schoolboys Band To Give Concerts

The Edmonton Schoolboys Band will give its first concert of the school year in the auditorium of Westling High School, Friday and Saturday evenings, Dec. 6 and 7 commencing at 8:15 p.m.

The band is entering its 11th year of successful operation, having been organized by T. V. Newson in December, 1935. It has grown steadily and is at present the largest boys' band in Canada.

The longest trip yet taken was to Vancouver and Victoria in July when 140 members made the tour through British Columbia giving concerts. They took part in Vancouver's famous Diamond Jubilee.

Present strength of the organization is about 125 but 25 young boys are receiving training and will become regular bandmen early in 1947.

To Study Work Of Builders Group

The allocation received by the Veterans' Priorities Advisory Committee and the Edmonton Builders' Association during 1946 in the city and Northern Alberta, which has been acknowledged the best effort of any Canadian city, will be studied at a meeting in Winnipeg, Dec. 2, by officials of the department of reconstruction and supply and the National Home Builders' Association.

TRANS-CANADA Air Lines CANADA'S NATIONAL AIR SERVICE

WOULD YOU PLAY WITH DYNAMITE?

- Not Likely! Most sensible people wouldn't. Nevertheless, many people do show extreme carelessness EVERY DAY, in handling substances equally dangerous.
- In the LLOYDMINSTER and UNIVY areas, investigations show that numerous householders have made their own installations and repairs in piping natural gas from mains into their homes.
- This practice is not only hazardous, but it is illegal as well. All such work must be done by qualified men. A permit must be obtained from this department and full inspection must be made before gas is turned on.
- This department is anxious to take steps to bring this information to residents of Univty and Lloydminster in order to avoid any possibility of a serious accident that may menace the welfare of life and property.
- PLAY SAFE! Write to this department or contact:

Bishop Consecrated At Unique Ceremony

By a ceremony believed to be unique in church history, the Rev. Odo A. Barry, well known in the town and district of Peace River until his removal shortly before the war to Fairmont, B.C., has been consecrated first Canadian bishop of the Old Catholic Church, which descended from the Council of Utrecht, Holland, in 1575.

BISHOP BARRY'S consecration at the Church of the Holy Spirit, Berkeley, California, is considered unique because of its having been carried out by priests representing four lines of apostolic succession. Most Rev. Charles Hampton, the consecrator, conferred assent through the Old Catholic Church of Holland; Most Reverend Joseph Auer, Patriarch-President of the Federated Independent Orthodox and Catholic Bishops, that of the Melchite Rite; Most Reverend Henry Joseph Kleefisch, titular bishop of Athabasca, that of the Russian Orthodox church; and the Most Reverend Lowell Paul Waddle and Right Reverend Michael Strange the Antiochian line of consecration. Bishop Barry was thus consecrated through one Western and three Oriental lines of succession.

PREACHING the consecration sermon, Bishop Hampton explained that Divine blessing had been invoked on re-establishing the sacraments on a basis of liberty of thought and conscience and on the laying of a firm foundation for the neoplatonic school of the Christian tradition.

Right Reverend Odo Acheron Barry, although of Irish birth and parentage, is firmly linked ancestrally to the history of Canada, for he is a descendant of Conroy Carleton, General James Wolfe and Sir Guy Carleton who was lieutenant-governor of Quebec (1776-1778) and later as the first Baron Dorchester, governor-in-chief of British North America in 1786 and for a second term commencing 1791.

AT PEACE RIVER the now Bishop Barry, a graduate of the school of agriculture, at Olds, formerly besides his activities as rector of St. Raphael's Old Catholic church, dedicated to the task of church cooperation, his work at Olds and Peace River transcended denomination. He was a helper in the Baptist and United churches at Peace River for months without pastors. For several periods of some months each he assisted St. James Pro-Cathedral (Church of England) at Peace River under the Bishop of Athabasca (Right Reverend Dr. Robb) who is now assistant Bishop of Norwich, England. For successive winters between farming he had charge of the Old Catholic church of St. Francis of

Recall Adventure In Church Work

One hundred years ago on Nov. 30 one of Canada's greatest heroes sailed from Halifax to the South Seas. The Rev. John Geddie of Pictou, N.S., five feet, more or less, had been appointed by the Maritime Presbyterians to the New Hebrides Islands where John Williams of the London Missionary Society had been slain, on Erromanga in planning their evangelism. This was the first Canadian effort to operate a foreign mission.

THE STORY of Geddie and his associates is one of dauntless bravery. He sailed around Cape Horn on a 19-ton ketch on a voyage that lasted 18 months before reaching the New Hebrides. With his wife, he faced the savages of these islands and in six weeks had learned the language of Amerind and was able to deliver a sermon in stamping fashion.

He reduced their language to writing and opened several snow white school houses on the island. He suffered misunderstanding and hostility when the Christian way of life was seen to conflict with their own savage concepts.

THEY SET his little manse on fire. Enemies speared his only cow. A church was erected but this was burnt to the ground and dastardly white traders offered 10 gallons of rum to a savage to take John Geddie's life.

They were isolated for the first two years from the outside world. Nevertheless, John Geddie gave the people the Gospel printed in their own tongue. Many of this intercourse wars were peacefully settled and four years many of the leading chiefs had embraced Christianity and a church was organized.

COLLEAGUES arrived from Canada and the Presbyterian Church, Scotland. These suffered privations and martyrdom and so did years up to April, the Australian statistics bureau reported. In 1941, 19,000,000 sheep died and 5,000,000 more in 1942 and early 1943. Australia now has 96,396,000 sheep.

MAYOR EIGHT TIMES MONTGOMERY, Wales.—(CP)—Alderman Benjamin Jones set a Welsh record by being elected mayor for the eighth successive

Minister's Organize Parents' Auxiliary

Sunday School teachers, board members and ministers of Knox United and Strathcona Baptist Churches met in Ristic community hall recently to form a parents' auxiliary to the joint Sunday school. Mrs. Arthur Jamieson of Knox church was elected president. Although this combined project includes only the beginners, primary and junior departments with children up to 11 years of age, Dan C. Reid, chairman and Sunday School superintendent, announced that it already has a membership of 130, with an average attendance of 95 to 100 pupils.

AT STRATHCONA—The Rev. George M. Edwards, minister of Strathcona Baptist Church whose topics for Sunday services will be "What Makes Us Acceptable to God" and "How Freedom Comes". Sacrament of Communion will be observed on Sunday morning.

A stick in time saves nine—that's taxpayers' money. Buy Christmas the motto of the Tuberculosis As-Seals and help finance the early diagnosis of tuberculosis. Early diagnosis of tuberculosis program in your community saves not only lives, but money.

"When I buy Life Insurance I want..."

"I want a policy which fits my particular needs."

"I want a policy that will give me an income if I am totally disabled."

"I want a low premium to start with."

"I want good dividends on top of that."

"I want to deal with men who know their business."

"I want a progressive company with a good record."

"I want a company that is recognized for its financial strength."

"Why do I want all these things? Because I'm depending upon my insurance either to do a job for my family when I'm gone or to look after me when I retire. With my family's future and my own at stake, I want nothing but the best."

You get all these advantages when you buy your life insurance from the London Life.

London Life Insurance Company
Head Office - London, Canada

L. A. Nickols, District Manager, Canadian Bank of Commerce Bldg., Edmonton

That will they say of EDMONTON

YESTERDAY, it was Wheels . . . today, the world is on WINGS, with great Airlines and modern facilities of world air travel circling the globe.

Geography, and the tremendous strides in air development, accelerated by the emergencies of war, place EDMONTON in a strategic position at the cross roads of world air travel and a city of international importance.

AS a global air centre, Edmonton must now raise its sights in taking the measure of its responsibilities. It is not enough for us as citizens to be merely proud of our City's new importance. Our Civic Pride demands that we must do our part in modernizing Edmonton's STREETS, LANES, BOULEVARDS, PARKS, BEAUTY SPOTS and SIDEWALKS in all of which we are so deplorably lacking.

EDMONTON will now be host to world leaders . . . statesmen . . . diplomats . . . industrialists . . . scientists and tourists from every quarter of the Globe. What will they say of Edmonton—its unpaved streets, dirt roads, undeveloped parks, dearth of beauty spots and the general unkempt appearance of our City? Only by our immediate support as citizens, of the Civic Administration's 7,500,000 Ten Year Road Paving Program can our unfavorable position in this respect be rectified.

Civic Betterment Committee
of the Edmonton Chamber of Commerce

This Is What All Of Us Can Do About It . . .

Only by our citizens giving their fullest support and co-operation to the City's \$7,500,000 Ten Year Road Paving Program will the work be done. Property owners are urged to get petitions for work required in their district signed and presented at the City Hall without delay. Complete information as well as petition forms will be gladly furnished on request by the CITY ENGINEERING DEPARTMENT, SIXTH FLOOR, CIVIC BLOCK.

LET'S PILE PETITIONS ON THE DESK AT THE CITY HALL

Let's get things done—NOW!

SPORTS

HAROLD DEAN, Sports Editor

EVER THERE COMES THE DAY when Edmonton Flyers can appear intact, in one piece and as a complete unit. Manager Billy Mullen probably will be at the gate as the boys step onto the ice, ready to plant an affectionate and thankful smack on the cheeks of each.

Flyers have played nine games so far and not once have they been at full strength. The loss of Don Stanley, whose face was badly cut by a flying puck Thursday night, is merely one of the less-than-ideal, in a long list of injuries for the Edmonton club.

Don will be viewing this evening's proceedings as a spectator, the same as Alex Pringle, Freddy Smith and Johnny Black. It is expected that Monday will tell just how long Pringle will be out. Black's shoulder is still bothering and it was deemed advisable to keep him off a while longer. Don showed symptoms yesterday of having come out second best in an argument with the fabulous buzz saw, and Smith, of course, will not be back until around Christmas or the New Year.

To Dress Five Defencemen

REID SAYS IT WILL BE Billy Mullen at center, with wing Mike Mearns on right wing and Elmer Kessler on left for one line, while Al Newsome will be chief pivot for another string with Stan Devick at right and Cy Thomas patrolling left boards, thus leaving Walter Dutcher as handyman.

Flyers will dress all five defencemen, to don't become agitated if "Pug" Young turns out to be a four at center, or left wing, maybe, as an extra shift in addition to regular behind-the-blue-line work.

Yes, "Pug" Bob Solinger, Gordon Watt, Bill Pettigrew and Ben Barker will all be on the job tonight. Solinger really likes to close up view of opposing goals and so the chances are he'll be doing that up front for at least a portion of the time. Cy Thomas has been doing better each time out and if he ever unlimbers that famous back-hander, Andy Young will have to be plenty shrewd.

McAuley Has Best Record

IT'S A POOR NIGHT INDEED when there isn't considerable shuffling around in the Western Canada league standings. Friday's games moved Lethbridge ahead of Saskatoon in the tie with Edmonton, and tonight's session promise more changes.

A win for Dave Schirner's Maple Leafs would put them in a tie with Calgary at the top of the heap, whereas a success for the home club would see Flyers ahead of Lethbridge and leave them a half notch from Calgary, should Saskatoon and Edmonton both win, they would be tied for second and Lethbridge would be dropped into the fourth spot.

In any event, there is bound to be at least one change tonight. There are now only three points between the top four, and even Regina Caps are only three games away from the leading Stampede, although apparently bogged down for the moment. Flyers, it will be noted, today have one game in hand over all the other clubs and Ken McAuley has the best goal record.

Looks Like Warm Meeting

THE WESTERN CANADA FOOTBALL meeting in Saskatoon this weekend ahead up as possessing considerable dynamite. Alliance in rules would appear to be the main item on the agenda, and since the clubs are close Hollingsworth, who will attend as one of Alberta's two representatives.

It seems that Alberta and Manitoba are likely to look upon many of the suggested changes in much the same way, with British Columbia and Saskatchewan being a little more wary. It is rumored Saskatchewan will endeavor to secure support for a 70-foot base-line diamond, a 42-foot pitching distance, leadoffs and numerous other changes leading to make the game more like baseball.

Reversion back to the name "football" will meet opposition, while all appear agreed that the lengthening of the pitching distance would be an improvement. Saskatchewan and B.C. are said to favor the nine-man code, while Alberta would prefer to play with the 10-man rule. An invitation to an 11-man ball game is another matter.

King's Plate Winner Will Race in Florida

TORONTO, Nov. 20 (CP) — Kingville, the best chestnut winner of the King's Plate last May, is going campaigning in Florida again, to run on the tracks where last year he did his training for the plate race.

Just when he goes depends on the United States coal strike and how it affects rail transportation but Arthur Hertz, who is the owner of Kingville, says he will have a chance to race in Florida.

It is all set with Kingville and several other Parkwood Stable horses including Mody, a King's Plate colt who will have a chance to race in Florida.

Toronto Cops Four of Nine

MOST NHL CLUBS BOAST GOOD ROAD PERFORMANCE

MONTREAL, Nov. 30 (CP) — Mr. John Q. Fan who figures complacently that the odds are all in favor of his home-town National Hockey League club winning on home ice might just as well get that idea out of his head in a hurry. It's just about a 50-50 proposition, brother.

At the same time, the record. Tossing aside the eight tie games in 47 played so far, the visiting team has romped off with 17 and the home team with only 22. That's an average of 436 for the visitors. If you count the gains as statistical as losses for the home boys, the visiting teams are out on top with a 332 average.

WHAT DOES IT ALL ADD UP TO? Here comes President Clarence Campbell of the NHL, has to say: "It doesn't prove that the teams are so closely balanced no club can count on victory at home or away."

At the same time, Mr. Campbell, who has just completed a swing around the circuit, freely admits that the situation is "something pretty hard for the home-town fans to absorb."

The best average for foreign-ice victories so far has been set by Toronto Maple Leafs with 44.4 four wins in nine games. Montreal Canadiens, with three wins in seven away-from-home games, have an average of 42.9.

NEW YORK'S UNPREDICTABLE RANGERS, with the heaviest road schedule, have won four of 11 in a 346 average. Chicago Black Hawks have won two of six foreign games for a 333 average, and Boston Bruins and Detroit Red Wings are tied with 286, two wins in seven games.

The record also shows the plight of the home clubs is fast becoming worse. In the last eight games the home boys have won only three. What's more the tie-game apurage has suddenly ended. The last deadlock was on Nov. 13, a 4-4 argument between Canadiens and Rangers at New York.

Golden Bear Cagers Take Third Straight

University Golden Bears remained unbeaten in the Edmonton Senior Men's Basketball League Friday night when they romped to their third straight victory — a 66-23 triumph over the Canadarmans.

In the preliminary, an Edmonton Junior Men's Basketball League game, the Golden Bears trimmed the Canadarmans 34-12.

Grant brought the crowd of 5,028 paying customers to their feet in the 10th minute when he scored his 10th point. He was then fouled by a Canadarmans player and awarded a free throw. He made it.

A picture goal sent Leaf ahead in the second period, Love, Luke and Gary getting the most of the credit for the close check of Leafs who time and again prevented Stampede from getting shots away clearly. At that Stampede took 20 shots at goalie but while Leafs got only 17 at Delter.

JUCKES opened the scoring mid-way in the first period, but Leaf scorers with two goals and an assist. Love, Luke and Gary getting the most of the credit for the close check of Leafs who time and again prevented Stampede from getting shots away clearly. At that Stampede took 20 shots at goalie but while Leafs got only 17 at Delter.

JUCKES opened the scoring mid-way in the first period, but Leaf scorers with two goals and an assist. Love, Luke and Gary getting the most of the credit for the close check of Leafs who time and again prevented Stampede from getting shots away clearly. At that Stampede took 20 shots at goalie but while Leafs got only 17 at Delter.

JUCKES opened the scoring mid-way in the first period, but Leaf scorers with two goals and an assist. Love, Luke and Gary getting the most of the credit for the close check of Leafs who time and again prevented Stampede from getting shots away clearly. At that Stampede took 20 shots at goalie but while Leafs got only 17 at Delter.

JUCKES opened the scoring mid-way in the first period, but Leaf scorers with two goals and an assist. Western Fastball Meeting Sunday

The Western Canada Fastball Association's annual meeting will be held in the Sheraton Hotel, Saskatoon, tomorrow with representatives from all four western provinces attending. This is the first time in the history of the WCFBA that all four associations have been present to guide the affairs of the baseball game.

From Alberta the delegates will be W. H. Dingle of Calgary and C. H. Hollingsworth of Edmonton. The latter held a brief interview with the H. C. delegate between trains last evening. The coast representative is Ed Whyte of Victoria, president of the BCFA.

THE MEETING this year will discuss mainly rules. The tournament idea for the girls' championship is under fire and a new method of deciding the men's title also is on the agenda. The new executive will be elected at this meeting.

Hockey Tuesday Bonnie Doon

Bonnie Doon Community League's rink is officially opening tonight, skating to be followed by a musical dance. First hockey practices have been set for Tuesday.

Fresno Falcons Beat Vancouver

VANCOUVER, Nov. 30 (CP)— Fresno Falcons' slurry attack, Hank D'Amore, led the Falcons' attack in defeating Vancouver Canucks 5-3 in a Pacific Coast Hockey League game here last night.

D'Amore drove home both the initial goal and the winning goal on assists from winger Bernie MacMillan. Mike Miller scored the other Fresno tally. Markham for the Canucks were Don Colley and Bernie Harbidge.

The game was a clean, fast affair with a minimum of penalties attended.

Business Visitor

George Watson, general manager of the Toronto General Trust Corp., who has paid a brief business visit to Edmonton, here was a guest at the McDonald hotel.

Health Officer

Backs Lead Drive

Dr. G. M. Little, medical officer of health for Edmonton, today called for an all-out support of the forthcoming Christmas seal campaign of the Alberta Tuberculosis Association.

"THE KINSMEN club of Edmonton is to be congratulated on its initiative in sponsoring such an undertaking," Dr. Little stated.

"I believe we will be able to accomplish much in tuberculosis control work in this community. It is my earnest wish to see this excellent work continued."

Dr. Little said that money accruing from Christmas seals is being used to carry on a winning battle against TB all over Canada.

He pointed to the fact that the disease has now been reduced from first to seventh place as the cause of all deaths and that if the work continues as it has in recent years, Declaration Form 15 and Despatch 10 will be eliminated.

SUCH A GOAL, however, while in itself cannot be accomplished unless the public cooperates is the fullest possible extent.

Buy Christmas Seals.

DON'T EXPERIMENT WITH A HEADACHE TAGETASPIRIN

REMEMBER! Of all pain relievers, none can match ASPIRIN's record of use by millions of normal people without ill effect

THREE MILLIONS know from experience, the thing to do when you get an ordinary headache... is the kind most of us get every now and then: it is to take ASPIRIN for fast, effective relief.

But when ASPIRIN does not give you relief... if the pain keeps on... it will pay you to remember that not all headaches are the common everyday type. Therefore, you should see your doctor for your pain may actually be a warning from nature that something else is wrong with you—something much more serious.

In this event, whatever you do—don't experiment! To do so may be harmful. Instead, see your doctor. He alone should decide if you need a stronger remedy and if so, what kind.

Always remember that your doctor—and only your doctor—is qualified to recommend a stronger remedy.

Also don't ever forget that for ordinary headaches—the thing to use for really fast relief is ASPIRIN.

When you buy, always be sure you get ASPIRIN: it is not a substitute.

FAST PAIN RELIEF

It Starts to Go to Work Almost INSTANTLY!

ASPIRIN is a single active ingredient that is gentle to the system many doctors recommend it even for small children.

Yes this ingredient is as effective as aspirin ASPIRIN is ready to go to work almost immediately.

Aspirin is reasonably good, too, in the family since it costs less than 10¢ per tablet.

LOWEST PRICES EVER!

Tablets, 100, 250, 500, 1000, 2500, 5000, 10000, 25000, 50000, 100000, 250000, 500000, 1000000, 2500000, 5000000, 10000000, 25000000, 50000000, 100000000, 250000000, 500000000, 1000000000, 2500000000, 5000000000, 10000000000, 25000000000, 50000000000, 100000000000, 250000000000, 500000000000, 1000000000000, 2500000000000, 5000000000000, 10000000000000, 25000000000000, 50000000000000, 100000000000000

Dominating Type Has Special Place

Dear Dorothy Dix: For five years neighbor who won't even let you I have endured the whims of a open your telex at night to mind woman who has set herself up as her own business. Make her good a dictator of the neighborhood and mad and maybe she will let think she has the right to boss you alone.

everybody in it. She complains. Dear Dix: I have been married 1 open my telex at 8 p.m. If I read a few months and have a have a few friends in for support. I am not a dictator. I am a I play the piano. If my dog barks high temper and am easily offend on a Sunday afternoon, which is the end of nothing and cry at every only day the animals are at home. This worries my husband as we take them with us to business very much and is causing an every day to eliminate any trouble happiness.

What can we do about her? I am sure. You certainly can't expect to put her under a peck. Answer: You certainly can't expect to put her under a peck. Answer: You certainly can't expect to put her under a peck. Answer: You certainly can't expect to put her under a peck.

Answer: Probably you will have temper every time you are crossed, to move to get away from your in-laws, and dissolve in tears. When a man is married, and at that, marries a girl, he at least thinks you may be jumping out of the shell a grownup woman and not a trying pan into the fire and find spoiled child or a crumbly. Every that you have moved in the marriage is full of give and take, and of all peck-the back door and you have to learn to accept neighbor who is always popping in the hallway as well as the joy of you without even going through it. So you should begin right the formality of knocking, and who now to learn to control your temper so you more privacy than per and your tongue.

If you live in a gold fish bowl. You can do it if you want to. The Good Book tells us to love people with high tempers and our neighbors, but it might be better to give to tantrums always say to do it when they are the boss. They can't help their disposition, kind who think they have a right but they can't. It is just selfishness that everybody's business or that makes them indolgent, therefore the saying kind who know every eye in hurting and offending other single thing you do or don't do, or people, and then expect to be the borrowing kind who accuse on more for.

So we have to take the bad with the good and make the best we can of the situation. For we are all to get on each other's toes in this crowded world of ours. But I think you might tell your five him talking about himself. Do

NAROMYOCKNOWHOSUNKATANKSHUNK IS THE NAME OF A BOOK NEAR Danbury, Conn.

Elizabeth Woodward Says...

You liked Molly from a distance your arm, so you'd have no and you saw her around. What kind of a trick is she trying to play on you? If she liked you so she didn't want to find out. And she'll thank her sister for keeping her out of Molly's affairs from now on. But twinning is one thing you can't take. You and Molly were through right then and there. You left Molly in the very middle of this explanation. And you have seen her for several days now. Days in which you regretted the evening in which you've been sorry for your impudence. You still like Molly. You still want Molly. How are you going to get Molly back? Give Molly a little time to catch her breath. Then ask her for another date. Tell her you're sorry you lost your temper and shot your tongue. Even though you think Molly is the one who ought to apologize to you. Twinning indeed! Well, listen. If you were engaged to be married to Molly, if she were wearing your sparkler on the proper finger, and if she then stepped out with some other man and led him to believe that she liked him best, then she'd be twinning you. But you haven't gotten to that point with Molly. You may like her and go only with her - but you can't let her down to an exclusive arrangement for all time with you. If you try she'll break free. Cause you're less the man who's to date you while she likes you best, and date other boys when that suits her. It ought to be your angle too. So patch things up with Molly. Ask her for a many date as you want. And give her to understand that you date other girls besides her. And be sure you do it!

Your Baby And Mine

By MYRTLE MEYER ELDER

We should be thankful that we are reasoning, thinking human beings and can take advantage of the results of scientific research in child development and training. No longer are we at the mercy of anyone's individual experience. IT IS CONFUSING to many mothers to note that mothers who go contrary to all good child-rearing practices, often seem to get good results. But, if they use their good reasoning powers, they must realize that in all situations there are intangible factors - good environment, a wealth of maternal affection, which may outweigh the poor practices and make for success.

We all know mothers who have started training for good habits early in the child's life with splendid success. We know of far more who tried this and found that at an age when the child was capable of control he was almost soured on the whole, tiresome business.

Babies have been weaned from the bottle before the sixth month and seemed to flourish on cup feeding, but most of them profited by being nursed or bottle-fed for at least nine months and then were better able to drink comfortably from a cup, and are more amiable about such weaning.

Many a mother champions the practice of the weanling and proclaims that a "good spanking" will settle all her baby's behavior. But, by and large, these methods do not work as well and often as parental disappointment, correction, education and other less harsh methods of discipline.

THE GREATEST mistake a mother can make is to be smug in her conclusions drawn from one or two children. The value of any scientific statement that it deals with hundreds of children and in a variety of home situations and parents. What works with them should work best with all children.

Many of the children who live in an age when children who can read may be the beneficiary of what works with them should work best with all children.

OUR LEAFLET No. 78

Bridge By WILLIAM E. MCKENNEY

The American Contract Bridge League has not only renewed its pledge to fight cancer in children, but has resolved to expand its activities in the general war on a few circles.

At the winter national tournament at Hollywood, Fla., Dec. 8 to 15, it is expected that the league will inaugurate a definite plan for these efforts for 1947.

Why Grow Old?

Breathing exercises, like the one Actress Peggy Knudsen is doing above, aid in throwing off wastes and poisons produced by the oxidation which is going on in your body.

By JOSEPHINE LOWMAN Do you realize that we are on fire constantly? This process is known as oxidation. Our tissues contain carbon and hydrogen compounds, and when they are combined with oxygen from the air we breathe, they are oxidized. This aids in the process of throwing off wastes and poisons and produces heat. That is why we are warmer after exercise. Oxidation is speeded up. That is one of the reasons why we grow old.

DEEP BREATHING is an extremely healthful habit. Most of us breathe too shallowly for best results. If we could rid ourselves of light upper chest breathing it would benefit us. Deep breathing exercises, taken regularly, aid us in forming good breathing habits and have been found extremely beneficial to those who are tense and nervous or have trouble sleeping. A few of these taken before going to bed at night may prove helpful to you. Today I will give you a few exercises.

1. Stand erect with your toes to the side and your arms pointing forward and your arms at your sides. Raise your arms straight to shoulder height, palms toward the ceiling, and breathe in deeply. Slowly lower your arms to the sides and exhale. 2. Stand tall, arms at sides. Pull the arms backward comfortably, palms facing forward, as you breathe in deeply. Return arms to starting position and exhale quickly, pushing the air forcefully.

PRIZE STEER BRINGS \$5727 AT SAN FRANCISCO CATTLE AUCTION

TRANSPARENT MIRRORS EMPLOYED IN CHILD STUDY CLASSES IN NEW YORK

Copyright, 1936, by Acme Newspictures, Inc.

LITTLE GENIUS—Andy Oberha, six, of North Hollywood, Calif., plays 12 chess games simultaneously with patients at Birmingham Veterans Hospital, Van Nuys, Calif. Here he moves a chessman on the board of Howard Parke, of Seattle. The young player learned the game at four.

UNHAPPY "COPPER"—Little Richard Donnelly, wearing his father's police cap, thinks he has something to cry about. He has six teeth, though only four months old. The billy club is almost as big as Richard.

AID FOR POLIO VICTIMS—Thirty-two infantile paralysis victims will be the recipients of these latest type plastic lungs to aid them in their fight to recover. The lungs are a gift of the Hollywood Turf Club whose president, Jack Bowman, left, looks over the gifts.

"THE KILROY SPECIAL"—James J. Kilroy, left, of Halifax, Mass., prepares to take home the street car he won as a contest prize in Boston for best explanation of the origin of the famous war-time phrase, "Kilroy was here." He claims he started the phrase when he wrote it on the carrier "Lexington."

HIS ROYAL HIGHNESS—It's turkey time again, and this proud bird, complete with crown, poses for his annual photo with starlets Elaine Riley, left, and Joan O'Donnell as ladies in waiting. The young brunettes took time out for this playful posing during the making of "Ladies' Man."

WANT COMPENSATION—For "enticing the said father away from the children's home," plaintiffs Mary Frances, four, left, and Nelda Lee, 10, shown with their mother, Mrs. Wilma Penrose, filed a \$15,000 suit against the woman who married their father, Leo Penrose, after he obtained a divorce.

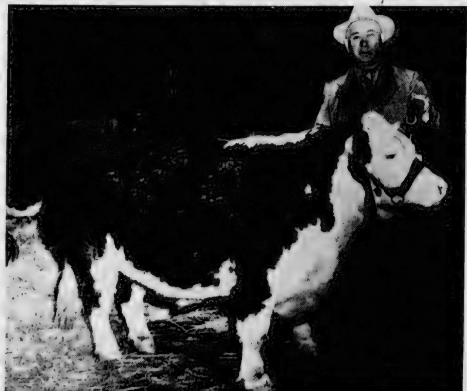

COMMANDER IN CHIEF—With an Army pith helmet and Navy binoculars, President Truman posed for photographers on the destroyer USS Stribling before debarking at Fort Jefferson, Fla.

CHILD STUDY—Making practical use of new transparent mirrors, the University of Columbia, N. Y., uses them in the psychological study of pre-school children. A teacher, above, gives an intelligence test to a youngster who is unaware she is being observed. What the child sees is a mirror, as the two pupils demonstrate in the lower photo. The glass, developed by a major U. S. glass company, was used during the war by intelligence divisions of the military services.

OPERATION DUCK—Signalmen William Beach and David Timm, underwater demolitionists, study instructions prior to swimming ashore onto San Clemente beach to detonate prepared charges. They took part in a joint Army-Navy amphibious mission using the latest equipment and technique.

PRIZE STEER—A. Alpert, San Francisco packer, stands proudly by Bar 13 Compost Mischief, Grand National Exposition grand champion steer. Alpert paid \$5 per pound, totaling \$5727 for the 1145-pound prize animal. Alpert out-bid several cattlemen for the prize steer.

ANCIENT CRANIUM—Officials of the Civil Property Custodian office in Tokyo examine the "Ngandong Skull Homo Sapiens," claimed to be over 300,000 years old. Taken by the Japs when they entered Solo, Java, the ancient skull will be returned to the Netherlands.

T. Shandro Made Kinsmen President

Tom Shandro, was elected 1942 president of the Edmonton Kinsmen club at the annual election of officers of that organization held at a meeting in the Macdonald hotel Friday evening. Mr. Shandro, who takes over the office on Jan. 1 succeeds E. F. Morrison.

FURTHER OFFICERS named in order: secretary, Arne Johansen, treasurer, Dave Verrell, editor, Alex Campbell, and the following board of directors—Mr. George Decker, Martin Graham, Ed Morel and Oscar Purvis.

Douglas Ferrier, chairman of the "To sell seal committee" reported that in the first week of the drive, seals amounting to \$100 have been sold. Objective for the city is \$2500. The drive will continue until February.

Children's Book Week Arranged

To mark Children's Book Week, from Monday, Dec. 2 to Monday, Dec. 9, a special program of activities has been planned by the children's department of the main Edmonton Public Library, Miss Grace McDonald in charge.

Parents of children have been invited to visit the library and to see for themselves the entertainment, educational and educational material offered in the department. Exhibitions of children's books in both the adult and children's departments will be arranged.

The program for the week is as follows: all activities to be held in the children's department: Monday, Dec. 2, and Tuesday, Dec. 3, movies at 4:30 p.m. each day; Thursday, a Puppet Show at 4:30 p.m.; Friday, movies at the same hour and on Saturday, the children's story hour commencing at 10:30 a.m.

Fatal Accident Is "Unexplained"

No explanation of how 16-year-old Ralph Atkinson got beneath the wheels of the RCMP bus which ran over and killed him last Nov. 3 could be found by a coroner's jury at an inquest Friday in the police court. The jury returned a verdict attaching no blame to the bus, which, 100 ft. away, driver of the bus.

ORGILL told the court that all he recalled as he pulled away from a bus stop at the intersection of 17th street and the highway, was that the truck wheels passed over an object. He asked a passenger what he had run over and was told "a piece of ice." He did not know he had run over the man until stopped by the police on the return trip.

One witness, Cpl. S. Williams, RCMP, who was on a street car near the location said he saw a man running beneath the bus prior to it pulling out from the curb. At first he thought it was only the driver making some error.

Other witnesses questioned by Donald Macdonald, coroner, were: Roy H. Teece, RCMP, who was a passenger in the bus and told the "slight bump" George S. Behm, 1226 16th street, who was on the bus and called the man "a piece of ice." Teece, an engineer, who explained a sealed journal of the motor vehicle C-16700 which investigated the accident, and Detective Keny Murray, who was on the bus and who had taken of the bus and the remaining car at the scene.

Coroner, Dr. F. A. Kellor, conducted the inquest.

Foreall Banquet For Rail Worker

In honor of E. J. Lemire, divisional master mechanic with the Canadian Pacific Railway, whose retirement becomes effective Saturday, members of the Railway Engineers and Locomotive Firemen will entertain at a banquet in the Macdonald hotel Saturday evening.

Local CPR officials and staff are expected to be in attendance at the farewell banquet.

Mr. Lemire has been with the railroad 23 years service with the railroad. HE JOINED THE CPR in Medicine Hat in November 1900 as a fireman. Since that time he has served as a travelling fireman, engineer and a road foreman of engines. He became a divisional master mechanic in 1934, serving in that capacity in the cities of Lethbridge, Calgary, Regina and Edmonton. He has held his present post in Edmonton since 1937.

Following his retirement, Mr. Lemire will continue to make his home in Edmonton.

Christmas Seals save Lives.

Appeal for Higher Rentals Dismissed

Application for fixation of rentals on suites at the Jesuit College site made by the Central Mortgage and Housing Corporation were dismissed by British officer Aid. A. B. Smith, K.C., in the cases of increases from the \$28 and \$40 levels, but an increase of \$5 was allowed in the suites containing more than four rooms.

Railway Appoints District Engineer

Herbert I. Roblin, who has been with the Canadian National Railway for 20 years has been promoted to district engineer, Alberta district, with headquarters at Edmonton, according to an announcement by Frank H. Keele, general superintendent. Mr. Roblin succeeds Thomas W. White, who has retired after 45 years of service.

BORN IN LONDON, Ont., Mr. Roblin later attended the University of Toronto and graduated with honors in 1912. In 1915 he proceeded overseas with Canadian Infantry and served for three years in France, returning with rank of Captain. He had a splendid record during the war being mentioned in despatches at Passchendaele 1917 and awarded the Military Cross at Cambrai Nov. 1918.

He joined the construction department of the Canadian National Railways in Edmonton as resident engineer on branch line construction. In 1923 he transferred to the operating department as roadmaster at Regina and was promoted to a division engineer in 1941. During World War II he organized and commanded the 14th Field Company, R.C.E.F. reserve.

HE IS a member of the Engineering Institute of Canada; the Association of Professional Engineers of Saskatchewan; the American Railway Engineering Association and the Military Engineering Association of Canada. He takes over his new duties on Dec. 1.

Organic solvents which may attack through inhalation of their vapors or through absorption when in contact with the skin are capable of causing dermatitis.

Railway's Hotels Do Big Business

Business in Canadian National Railway hotels in the past year was at Jasper Park Lodge during the summer was at capacity volume and with reservations pouring in for next year there is no recession in sight, Robert Somerville, Ottawa, general manager of CNR hotels stated here Friday.

MR. SOMERVILLE said at one time on the staff of the Macdonald hotel here, is on a coast-to-coast tour of hotels in the CNR chain. "There is no letup in the hotel business in sight and it is expected that next year will be another capacity year," he told reporters.

Some of the wartime shortages are still handicapping hotels with equipment and furnishings in short supply, he said.

Minister to Speak At Dinner Meeting

THE REV. E. H. Briswell will be guest speaker at a dinner meeting of the Junior Chamber of Commerce in the Macdonald hotel Wednesday at 6:30 p.m. Members of the government and civic affairs committee, which sponsored the recent Get-Out-The-Vote campaign will be in charge of the program. Members of the Junior Chamber administration will be at the dinner. Mr. Briswell will speak on "The Revue of Democracy."

Christmas Seals fight T.B.

Until Production Greater Want Price Ceilings On Cars to Remain

Price ceilings should be retained on new and used automobiles overtake the prevailing situation of short supply in the opinion of Harold B. Moore, Toronto, managing director of the Federation of Automobile Dealer Associations of Canada.

At a meeting of the Northern Alberta Automobile Dealers' Association, which will be presided over by Jack Marshall, Edmonton, who is president.

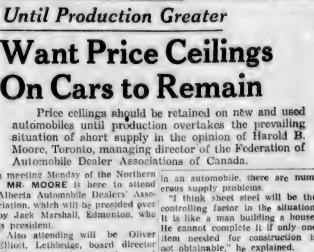

Also attending will be Oliver Elliott, Lethbridge, board director of the national association, and Harry I. Wilson, Calgary, treasurer. Problems common to all automobile dealers will be discussed at the meeting, Mr. Moore said.

There are 71 member associations forming the national association today. Saskatchewan with 16 associations leads all the provinces, Mr. Moore said.

"A clouded picture," is how Mr. Moore described the outlook for new automobiles this year.

THERE are many factors that may tend to cut down production of new cars sharply, the road strike in the States being the most significant at the moment.

As there are 15,000 separate parts

BROADCASTING COW

Sullivan's Blomson Rose - 194737 is a Jersey cow bred by L. H. Anderson, Morinville, and owned and tested by Charles Dixon, St. Albert. It has completed a day year old record of 8325 lbs. of milk, containing 529 lbs. of fat in 365 days with an average test of 8.23 per cent.

Universities in Prague are so overcrowded that lectures are given at night in the city's theatres.

D. R. McCormick Admitted to Bar

Donald R. McCormick, Lacombe, was admitted to the Alberta bar Friday by Mr. Justice Hugh John Macdonald in a ceremony at the Edmonton court house. He was presented by Donald Martland, K.C. BORN AT LACOMBE in September, 1919, Mr. McCormick was educated in the public and high schools of that town, Upper Canada College, and is a graduate of the University of Alberta.

Following his graduation he followed the RCMP and served overseas with the Tiger and Gooze squadrons. He was missing for 10 weeks in France, but rejoined his unit through the underground forces of that country.

Mr. McCormick, who is the son of S. McCormick, K.C., Lacombe, was articled to George W. Steer, K.C.

"CHEESECAKE TABOO!" There will be no more glamer photographs displaying Susan Hayward's "cheese" salad, the only food which said this is the last complete picture for which she'll pose. Miss Hayward was to be considered a dramatic actress from now on and inside she will decline to pose for any more "cheese" pictures.

"Handi-chef"

Here's the Secret . . . says Santa

TWO WAY HEAT

The Exclusive Moffat Super-heat Tabular Element rapidly supplies heat in two directions—AT THE SAME TIME, UP or DOWN . . . in broil or cook—performing two cooking operations at once, using only the same amount of electricity.

Plus

TWO KINDS OF HEAT

The Moffat Super-heat Tabular Element is square . . . 104 square inches of cooking surface, in wide flat cooking surface—conducts heat directly to cooking utensils, and in addition, supplies abundant indirect heat—a double heat combination for spicest action.

INDESTRUCTIBLE

Made of finest Inconel, an indestructible alloy—resists rust, corrosion, and scale—a lifetime protection against grease and moisture.

KINDY - IN SMALL QUARTERS

"Handi-chef" is a plug-in appliance—portable and clean—fits in the space of a small table. You'll find it handy in any kitchen.

Miles No Barrier to Love During Wartime: International Marriages Common to Edmonton

They say that love is "only 1,000 feet away." Meaning that the average boy or girl find a marriage partner within the limited radius of their home or business circle.

That may be true in peacetime but in war and postwar times, there are many exceptions to this rule. The war has sent many thousands of eligible young Canadian men and women to other lands and has, in turn, brought persons of many other nationalities to these shores.

In Edmonton and district, such "international" marriages have become commonplace. Many girls have married Americans, Britishers, New Zealanders and Australians and have gone to make their homes in their husbands' countries. Many Canadian boys have returned with British, Dutch or Belgian brides.

With the arrival of Polish workers in the Edmonton district, it can be expected also that there will be a number of Polish-Canadian marriages.

All in all such "matrimonial exchanges" seemed to have worked out pretty fairly. While some Canadian girls may feel that British and European brides have taken a lot of eligible Canadian men "out of circulation," they should remember that the war has brought many Americans, Australians and other nationalities to this country...who, in turn, have taken brides from the ranks of Canadian girls.

Mr. Leonard Arthur Knowles, of Calgary, and his bride, the former Miss Isabel Callaway Elliott, are shown cutting their cake at a reception held in the drawing room of the Mardonald after their wedding in Christ Church

Mr. Bruce E. Jewett, and his bride, the former Miss Patricia Millward, who were married in a recent evening ceremony in Holy Trinity church. The bride is a daughter of Mr. and Mrs. H. H. Millward, of Edmonton, and the groom is a son of Mr. and Mrs. E. W. Jewett, also of this city. The newweds are residing at 1818 1st ave.—Photograph by Castor Studio.

Mr. and Mrs. Jeffrey Eric Dodds are shown entering their car after their wedding recently at St. Agnes' church in Melbourne.

Australia. Mrs. Dodds, the former Miss Helen Barbara Horner, is the daughter of Mr. and Mrs. W. Reg Horner, of Edmonton, and the groom is the son of Mr. and

Mr. W. N. Dodds, of Melbourne. After a honeymoon in the Dandenong Mountains, Victoria, Australia, the newweds will reside in Melbourne.

Mr. and Mrs. Ray Halver Roe are shown above entering the Club Roosevelt where a reception was held after their wedding Monday at the home of the bride's parents, Mr. and Mrs. J. T. Driscoll. The bride is the former Miss Dorothy Grace Driscoll, and the groom is of Abbotsford, B.C. The couple will reside in Edmonton.—Photograph by Foto-Craft.

Shown above leaving St. Edmund's church immediately after their wedding Wednesday morning, are Mr. Francis John (Frank) Meyer, and his bride, the former Miss Margaret Audrey Crutchfield. The bride is the daughter of Mr. and Mrs. J. K. Crutchfield, of Edmonton, and the groom is the eldest son of Mr. and Mrs. L. Meyer, of Clover Bar. On return from a wedding trip to southern Alberta, the newweds will reside in Edmonton.—Photograph by William Krenzl.

Mr. S. Rex Kaufman and his bride, the former Miss Arach Jane Wilson, are shown above leaving All Saints' Cathedral immediately after their recent wedding. The bride is a daughter of Mrs. M. E. Wilson, of Edmonton, and the groom is the only son of Mr. and Mrs. S. L. Kaufman, also of this city. On return from a wedding trip to Calgary, the newweds will reside in Edmonton.—Photograph by Foto-Craft.

Shown after their wedding which took place at St. Joseph's church in Edmonton are Mr. Kenneth Paul Plandin and his bride, the former Jenny Seniak, daughter of the late Mr. and Mrs. Alex Seniak of Calgary. The groom is the son of Mr. Paul Plandin of Queenstown, Alta. The newweds have taken up residence at Balford, Alta.—Photograph by Housar Studios.

Mr. Stewart Earl Curry and his bride, the former Miss Dorothy Mildred Hicks, are shown above cutting their cake at a reception held after their recent wedding in the chapel of St. Stephen's College. The bride is a daughter of Mr. and Mrs. Clarence Hicks, of Drumheller, Alta., and the groom is a son of Mr. and Mrs. W. E. Curry, of Edmonton. The groom served overseas more than four years with the R.C.E.C.—Picture by Heath King Photos.

Mr. and Mrs. Morris Sterck are shown after their wedding in Windsor, Ont. The bride, the former Miss Allison Nora Fox, is the daughter of Mr. and Mrs. John Fox, of Aber, Alta., and the groom is the son of Mr. and Mrs. Sterck, of New Westminster, B.C. and formerly of Carleton Place, Ont. The newweds are making their home in Toronto.

Mr. and Mrs. Roland Antoine Riegel are shown with their attendants after their wedding which took place at St. Jean-Baptiste church in Montville. The bride is the former Raymond Gabrielle Florence Perron, daughter of Mr. and Mrs. J. L. Perron, and the groom is the son of Mr. and Mrs. Armand Riegel, all of Montville. Shown above are, left to right: Mr. Emile Riegel, Mr. Orla Riegel, brothers of the groom; the groom and bride; and Miss Gerle Perron and Miss Therese Perron, sisters of the bride.—Photograph by Housar Studios.

Calder Group Plans Bazaar

Women's Auxiliary of the Church of the Good Shepherd in Calgary will hold its annual bazaar in the parish hall Dec. 4 from 3 until 5 p.m.

Presiding are Mrs. H. J. Chandler and Mrs. H. F. Woodcock.

In charge of stalls will be: Home cooking, Mrs. J. Anderson; white clothing, Mrs. W. E. Briggs and Mrs. P. F. Wills; sale of work, Mrs. G. F. Sanderson.

President of the auxiliary, Mrs. Fred Wilson will receive.

Skating Club Holds Meeting

Executive committee of the Wednesday afternoon skating club met at the home of Mrs. W. E. Robertson to discuss plans for the winter.

At the annual meeting in March, members voted to continue skating at the Varsity rink.

As the executive decided skating would start Dec. 4 with the annual tea at the rink Dec. 11, Mrs. T. R. Cairns is convener.

As there are a limited number of vacancies will any woman wishing to join the club contact a member.

Feather Fashions

As a matter of fact, "peace" is usually regarded as a negative, an absence of international war. If no bombs are falling and, incidentally, the atomic bomb on Japan killed more people than all those dropped on the British Isles during the six years of war—and no guns firing the world is declared to be at peace. There may be hatred rampant, everywhere, economic struggles, trade rivalries, class conflicts, and racial animosities, but it is not that these are a contradiction of the statement that the world is at peace.

To begin with, peace must be regarded as something positive, not as something negative. It is not the absence of anything but the presence of a definite result in the hearts of men.

When people talk of world unity, they do not stop to ask themselves what it really involves. They are those who do not interrogate themselves do not like the answer, and while they feel compelled to accept the theory, they secretly reject it. The price of peace is vastly greater than most people realize, for they have never considered what "peace" actually means.

A world at peace is far ahead of present day thought and imagination, but nothing less can offer any worthy recompense for those who died in wars which were announced as "wars to end all wars."

THE HISTORY OF Christianity has always been a record of the inevitable results of the world's wars of life that it has been unrelenting, if not unrelenting, then, how those inevitable results have come about, it has been

MR. FRANCHUK was critically injured and rushed to the hospital at Mundare.

Auto Crash Injures Two

The person was critically injured and another slightly injured in an accident at Mundare, Friday when two automobiles driven by Stanley Petrovsky and Frank Franchuk collided at a corner of the highway one mile south of Mundare.

MR. FRANCHUK was critically injured and rushed to the hospital at Mundare. He was driving with his husband, who was slightly injured and was taken to the hospital at Mundare.

The accident occurred when Mr. Petrovsky drove the car in which his wife was a passenger, onto the highway one mile south of Mundare, and reportedly did not stop as he crossed the highway. The car driven by Mr. Franchuk crashed into Mr. Petrovsky's car at that point.

Mr. Franchuk and his son, Leslie, were in the car when the accident occurred.

Shriners Hold Calgary Meeting

More than 60 members of the Edmonton Shrine Club attended their semi-annual convocation at the Shrine Temple in Calgary Thursday and Friday.

During the Thursday session, 41 candidates were initiated for club membership. Plans were submitted for an extension of the Shrine's operations to the crippled children's hospital in Winnipeg.

On Friday evening, the traditional banquet and dance were held with 600 Shriner and their wives attending the banquet, and more dancing in the gymnasium.

He turned down an offer to make moving pictures in Italy although he plans to perform in American films in the near future.

HE HAS ALREADY made three films in the USA: "Here's to Romance" and "The Gay Divorcée" bringing two well known screen presentations.

During the war Mr. Martini toured Europe singing to Allied troops under the auspices of the USO.

He failed, however, to win a custody of the tombs of Italy and Juliet in Verona, Italy.

THEODORE HAIG will be Mr. Martini's accompanist at the concert here.

Little People, Left Alone, Would Rid World of War

By Rev. G. STANLEY RUSSELL

(The Toronto Star)

Like "liberty" and "democracy" and several others, "peace" is a word on men's lips, and the dream of a world governed by it has taken possession of their hearts. Indeed, of the remarkable facts of recent times it is that, though the dream has so frequently been shattered, it has never been discarded. Sir Philip Gibbs, in his recent autobiography, "The World as I See It," not only shows a deterioration of war, which is the result of close acquaintance with it, but goes so far as to say that the ordinary person in every land can only be induced to go into it as the result of the "leadership" including the progress of the world.

THESE ARE THE FACTS OF "PEACE" as a matter of fact, "peace" is usually regarded as a positive, an absence of international war. If no bombs are falling and, incidentally, the atomic bomb on Japan killed more people than all those dropped on the British Isles during the six years of war—and no guns firing the world is declared to be at peace. Presentations Well Done, Big Audience Enjoys Plays at University

A capacity audience last night acclaimed the University Drama Society's presentation of the 26th annual interplay play competitions in Convocation Hall on the campus. Four one-act plays were offered, directed and acted by the freshman, sophomore, junior and senior classes of the university. Considered the most varied and entertaining program seen on the campus in years, the plays were thoroughly enjoyable and of an exceptionally high calibre.

JUDGES, who favored the University Drama Society's presentation of the 26th annual interplay play competitions in Convocation Hall on the campus. Four one-act plays were offered, directed and acted by the freshman, sophomore, junior and senior classes of the university. Considered the most varied and entertaining program seen on the campus in years, the plays were thoroughly enjoyable and of an exceptionally high calibre.

Highlights of the play were: "The Wanderer," by Miss Marie Simpson, and "The Wanderer," by Miss Marie Simpson, and "The Wanderer," by Miss Marie Simpson.

Lead off play was a German 19th century comedy by Hans Sachs. "The Wanderer" by Miss Marie Simpson, and "The Wanderer," by Miss Marie Simpson.

The play was amusing enough, and Stanislavski's performance was quite humorous as the stolid waiter, and moved rapidly. Director was Richard Smith, assisted by Beth Clark.

LAST PRESENTATION was "The Wanderer," by Miss Marie Simpson, and "The Wanderer," by Miss Marie Simpson.

Technical assistance was given by Jack Stacey and Jack Kirkwood, who were extremely busy.

Best feature of the play were the sets and the lighting, which in some cases varied on the spectacular. Daniel Lonsdale directed, which Mr. Goldberger assisted.

Lauds Fortitude Of British People

Role Canadian representative of the British Trade Union Congress annual meeting held at Hamilton, Ontario, this afternoon, Mr. J. M. Macdonald, 34, 85 avenue, returned to Edmonton Thursday night with praise for the "spirit and patience of the British people in enduring the present-day shortages of food and other comforts of life."

THEIR SPIRIT was marvellous, he said in an interview Friday morning. "Shipping remains one of the major problems for housewives, but the situation appears bright at present, with more fish and fruit appearing gradually in the shops."

A significant point of interest in the congress to Mr. Macdonald was the fact that for the first time British civil servants were represented. "They had 49 delegates present, to represent a membership of 378,000 civil servants," he said.

S.C. Delegates Hear Ministers

Success of the Social Credit movement depended largely upon the strength of purpose and personal application exhibited by its members, delegates to the Alberta Social Credit convention were told Thursday in the closing message delivered by Hon. N. R. Tanner, minister of lands and mines.

MORE than 200 delegates were present in the Masonic Temple to hear Mr. Tanner and Hon. Lucien Stuyard, K.C. attorney-general, who briefly outlined the purposes and benefits contained in the Alberta bill of rights.

Mr. Tanner complimented the members on the quickened interest shown by their record at the 12th annual convention, and thanked them for their response to the policy, paid tribute to delegates who came in from very distant places.

At the 11th women's rings were worn suspended from a chain.

FIRST 1946 PILGRIM FAMILY ARRIVES, AIRPLANE THEIR "MAYFLOWER"—First British family to fly to Canada is that of Edward A. Bohme, 34, of Vancouver, shown with his wife and two children, Lawrence, four, and

Linda, one. Bohme, a salesman, heard British Columbia had ideal climate and decided to try it. His wife and mother-in-law, who also flew over, are delighted with Canada.

Before The Magistrate

On a charge of theft of a wallet from a city department store 16-year-old Wilkes was fined \$20 and costs or an alternative prison sentence of 30 days.

Bradley Calvert, admitted stealing a purse from Rose Lakusta, in a city cafe, and was placed on suspended sentence for the next six months.

Explains Work Of Fighting Tb

An account of some of the work being done in this province, to help fight the tuberculosis scourge, was outlined by C. H. Dickie, secretary of the Alberta Tuberculosis Association when he addressed members of the Lions club at their room meeting in the Macdonald hotel Monday.

URGING club members to continue to contribute toward the T.B. Christmas seal fund, Mr. Dickie pointed out that Christmas seal money helps provide milk, cod liver oil and other necessities for children of tuberculous people where relief allowances are not large enough to give them the vitamins, cod liver and nourishment they need.

He went on to say that Christmas seals support full time T.B. clinics in Calgary and in Edmonton and partially support other nursing residences and health units for tuberculous care.

HE WENT ON TO SAY that the Christmas seals pay for tuberculous testing of school children, x-ray examinations of many people besides those examined by the mobile units and many forms of after care or treatment such as pneumothorax, etc.

He concluded by saying that the fight against T.B. belongs to every man, woman and child because it can and does strike at any home.

Tuberculosis can be totally defeated in our time. Christmas seals play an important part in the fight.

NOBEL WINNER: Dr. Herman Joseph Muller, professor of heredity at Indiana University, is the winner of the 1946 Nobel Prize in Medicine and Physiology.

Three Are Fined - For Violations

Court session Wednesday afternoon saw three persons fined for breaches of the leasehold regulations as laid down by the Wartime Prices and Trade Board. Two of the cases Magistrate A. L. Miller had to deal with were persons charged over the rental maximum, the other was a case of cutting water off from use of a tenant without a permit from the board.

P. J. LAZAROWICH, appearing for Chorton H. Skrobol, charged with cutting the water off, claimed the accused was not the owner of the house, and produced papers showing that the property had been assigned over to Skrobol's son Alex on June 17.

The tenant, John Stewart, told the court that he had never been informed of the changeover and always sent the rent by mail to Chorton H. Skrobol. He stated that all the dealings he had had were with the father.

The magistrate said that it was not necessary for C. H. Skrobol to be landed in order to be convicted. As all dealings were put through him it was up to him to see that the water service was continued regardless of whether the son, or the father, had ordered the service discontinued. He fined the accused \$30 and costs or six weeks.

MIKE ROMANICH appeared on three charges of charging more than the rental set by WPTB, while Frank Smith appeared on two similar charges. Each was fined \$25 and costs or 30 days.

Oil Company May Build Salt Plant

Feasibility of erecting a salt plant, costing approximately \$200,000, near Elk Point, 145 miles northwest of Edmonton, are being studied by Anglo-American Oil Co. Ltd., Calgary. J. G. Spratt, managing director of the company, said in an interview here Thursday.

THE COMPANY drilling crews discovered a salt bed while salt drilling oil reservations 25 miles east of Elk Point, close to Elk Point. The bed has an overall depth of 1,000 feet at several levels.

The company had drilled four wells in the area, in the course of a widespread exploration program in the central Alberta area. One well has a natural gas flow of 2,000 cubic feet per hour.

Mr. Spratt pointed out that the salt bed is located ideally from the standpoint of water supply, being on the banks of the North Saskatchewan River and with ample trucking facilities available from the CNR.

THE COMPANY has 200,000 acres reserved in the Elk Point district and will likely drill more wells next year, the managing director said. Two drilling units are now being operated there.

You can shine windows by sliding each cup of water haze to the exact spot of water haze.

Attempt to Loot Burned Premises

It did not take long after the fire before some attempt was made to loot the premises of Adam's Radio and Electrical Appliances, 10418 Jasper avenue. The shop suffered heavy damage from fire on Thursday morning and about 11 o'clock Thursday night a city constable apprehended a 16-year-old youth who was just leaving the premises.

THE BOY admitted stealing a razor.

(flashlight with batteries and a part of a camera. The youth was taken home to his parents and juvenile authorities have been notified. Entry was gained by pulling a board of the horizontal door, and then making a hole through a sheet of cardboard.

The Great Wall of China winds for 1,800 miles over mountain, valley and river. It has an average height of 20 feet, and its top forms a roadway 13 feet wide. It was built about 2283 B.C.

Wins Acquittal

Albert W. Jones, Nanaimo, was acquitted by Chief Justice W. H. Hanson Friday in supreme court in a dangerous driving charge. The charge against him arose out of an accident at 1384 avenue, in a street in which a truck operated by the accused collided with a motor car operated by Arthur Hamer. Mr. and Mrs. Hamer were injured in the accident, and a passenger in Jones' truck also was injured.

Rollicking! Riotous! Gay Docs & Dark Horses

by Illingworth H. Kerr

SOMETHING NEW IN CANADIAN LITERATURE

THE LIVELY collection of tales of the Qu'Appelle Valley. Everyone who likes to read about "deals, dicing and horse-trading" will rejoice in the exploits of Muggie Magee—a smart, snappy, each of us would like to be. Gravelled Cyst, who never grows old, and Spud, the universal boy.

The colour, verve and sparkle of Guy Dots and Dark Horses are in the stories alone, but also in the hilarious illustrations by the author. Redolent with the tang of the Great Canadian West, this book includes everything from the Kluge Kluge to Coyote and Duck Hunting.

At all bookstores and department stores \$3.00

something UNUSUAL in gifts, English magazines

They make a splendid present because of their touch of home to folks from Britain settled in Canada . . . or to Canadian people because of their refreshing difference from our own local magazines. And remember, by sending a twelve-month subscription for a monthly journal, you are giving a gift that is new every month of the year!

We will gladly send you a brochure containing details of the many famous journals published by the Amalgamated Press Ltd., of London. Just send a card to Dept. 38, Gordon & Gotch (Canada) Ltd., 4 Victoria Street, Toronto, for brochure describing illustrated materials.

SLUGGISH?

Try this effective gentle relief!

When you feel sluggish and lazy, simply take 2 to 4 tablets of Phillips' Milk of Magnesia with water at bedtime. You'll be energized with the way this proved laxative-antacid helps you wake up feeling bright and refreshed. Phillips' works effectively, yet it is wonderfully gentle. Phillips' Milk of Magnesia is known to science as one of the finest neutralizers of excess stomach acidity known! Get genuine Phillips' your drugstore today. Remember—

Oil Company May Build Salt Plant

Feasibility of erecting a salt plant, costing approximately \$200,000, near Elk Point, 145 miles northwest of Edmonton, are being studied by Anglo-American Oil Co. Ltd., Calgary. J. G. Spratt, managing director of the company, said in an interview here Thursday.

THE COMPANY drilling crews discovered a salt bed while salt drilling oil reservations 25 miles east of Elk Point, close to Elk Point. The bed has an overall depth of 1,000 feet at several levels.

The company had drilled four wells in the area, in the course of a widespread exploration program in the central Alberta area. One well has a natural gas flow of 2,000 cubic feet per hour.

Mr. Spratt pointed out that the salt bed is located ideally from the standpoint of water supply, being on the banks of the North Saskatchewan River and with ample trucking facilities available from the CNR.

THE COMPANY has 200,000 acres reserved in the Elk Point district and will likely drill more wells next year, the managing director said. Two drilling units are now being operated there.

You can shine windows by sliding each cup of water haze to the exact spot of water haze.

TOOTS

MY DEAR, THIS MORNING FOR ME, TRACY AND MISS EARLY, YOU AND I SHALL DO THE BLIZZARD SCENE FROM "ICE FLOE."

I HAVE BEEN A BAD FATHER IT WERE BETTER THAT I SANK BENEATH THIS ICE, BUT YOU MUST GO ON, CHILD.

"THE COLD! THIS INTERESTING PURS, YOU WILL NEED THEN, CHILD, LONGER!"

HERE, BEFORE I DROP BENEATH THESE ICY WATERS—TAKE THESE WARM FURS, YOU WILL NEED THEM, CHILD.

NOW, SAY YOUR PRAYERS AND START WALKING.

THEIR USION DISCLOSED BY THE SCREEN DROPPED BY A MYSTERY BLACK PLANE, POLICE CARS PURSUING THE TWITCHY FENTON MOB, CAUTION DANGEROUSLY THICKENING AN IMPENETRABLE FOG.

CAN'T SEE A BLASTED THING!

STOP! THE CAR! WE'LL CRASH!

HO! HO! SO THAT IS WHY YOU HAD TO STOP! EVERY TWIST AN TURN IN THESE STREETS.

WHILE THE COPS GONOR, IN HELP THESE WARM FURS, YOU WILL NEED THEM, CHILD.

BUT, AS LUCK WOULD HAVE IT—A CAR TRANSPORTING CLARK AND LOS HAS BURSTED INTO THE SNOW-SCREEN AREA!

CLARK!—(CARS SHOOTING ABOUT I CAN'T SEE YOU!)—(I CAN'T ACT PROMPTLY AS SUPERMAN!—)

I KNOW IT'S EARLY, BUT YOU AND I SHALL DO THE BLIZZARD SCENE FROM "ICE FLOE."

ALTERNATE TALKING, BAW-W, REVERSE, YOU KNOW WHAT TO DO IF YOU SEE OTHER SWAPPING PAGES WITH ANYONE, GET GONE.

ON MY WAG, OR KIBBY!

OUTSIDE CHANCE RIVERS AWAITING... LIGHT YOU'RE AN EARLY RIVER!

I GOT A BIG BOX YOU AWAKENED FOR ME—(WAGS SCREEN AREA!)—(I GOT A BIG BOX YOU AWAKENED FOR ME—)

TELEGRAM FOR MR. RIVERS.

THEY WERE FIGHTING IN THE WOODS I SAW THEM! TWO OF THEM! THEN ONE OF THEM SANK?

EASY, MISS LUT, I CAN SEE!

RUN THAT SEARCHLIGHT AROUND GROUND! HE'S SOMEWHERE IN THE WATER HERE!

THEY INSISTED ON BOATING FIRST! When we searched the water, they were gone.

YOU MIGHT HAVE BEEN KILLED, BUT YOU CAN'T HELP CLO-HOW, PLEASE DROP IT.

I WOULDN'T DROP THIS GAS MASK FOR ALL THE TEA IN CHINA.

YOU STAY WITH YOUR WOMAN AND CHILD, CHIM! I'LL TAKE THE COASTBOARD OVER TO HARVEY AND CHANGE MY CLOTHES.

MARK! MARK! BLACK JOHN'S MEN ARE RIGHT BEHIND US—WE MUST GET GOIN' QUICK!

AT DAYBREAK THE FUR PIKATES SIGHT MARK AND HIS PARTY!

THAT TALL FELLA DRIVING THE TEAM IS TRAIL, GET HIM FIRST!

YOU'RE BILL WILLIAMSON, ARE YOU?

RIGHT! I CAN'T SAY NO FOR YOU!

MY NAME'S JOHNNIE—DA JACK JOHNSON THOUGHT YOU MIGHT NEED A HELPER.

EVER WORK AT THE STATION?

NO, BUT I'M NOT AVERS TO ADVISE, I CAN LEARN.

OKAY, NOW THE FIRST THING TO LEARN IS NOT TO LET ANY MONEY IN MY CASH REGISTER COME OUT WITH YOU, WHEN YOU WANKA STARTS.

—RENT NOW!

THEY TALK ABOUT OWNING YOUR HOME AND BEING INDEPENDENT OF THE COAL MAN.

IF I DON'T GET ANOTHER TON BY WEDNESDAY PM, SURE!

THEN THERE'S ELECTRICITY, YOU CAN'T BUY THAT FROM ANYBODY BUT THE ELECTRIC COMPANY.

WITH THE BOX WE'VE GOT WE'RE AT THE CORNER, MERRY OF THE ICEMAN.

BUT THERE ARE TOO MANY TREES ON THIS PLACE, AND THEY CAN'T KEEP ME OUT OF FIREPLACE WOOD.

HE TRIED TO SELL ME LOU'S DIARY/HE STOLE!

WHEN? THAT WAS CLOSE!

GOOD GRIEF, MAC! NOW I'VE GOT THE DIARY LOU ACCUSES ME OF HAVING!

FROM NOW ON I'LL TRY TO HELP PEOPLE I'VE GOT A GRUDGE AGAINST!

NO, SOPHIE, ALL OUR DREAMS OF THOUSANDS IN ROYALTIES ARE NOW SHATTERED, THE ONLY WAY YOU CAN BREAK INTO PRINT THESE DAYS IS TO DIE OR GET KILLED!

IT'S YOUR FAULT, COLONEL HOOPER! IF YOU HAD WRITTEN A GOOD STORY, WE WOULD BE IN THE MONEY!

I STILL SAY A MAN MUST DIE OR GET KILLED TO BREAK INTO PRINT, BUT HALF KILLING ME, AINT GOING TO HELP ANY. MATTERS ANY!

JIMMY MURPHY—

SEE, SOPHIE, THEY TURNED DOWN MY BOOK, THEY'RE NOT GOING TO PUBLISH THE STORY OF MY LIFE, TSK-TSK!

YOU MEAN WE'RE NOT GOING TO GO TO THE MONEY?

NO, ONE IF BY LAND, AND TWO IF BY SEA.

Hundreds of 'Blue Babies' Saved by Delicate Surgery

Raymond Duncan, brother of the late Lucinda Duncan, former of the first of the "blue babies" to be saved by delicate surgery.

Most Disapprove Politics in Pupils

By Canadian Institute of Public Opinion

TORONTO.—"Belgian and politics don't mix." In the opinion of the great majority of adult Canadians, 75 percent of whom disapprove of the clergy discussing politics in their sermons.

A minority, 15 percent favor the practice, provided the clergy deal with public issues from the "moral standpoint," as related to the broad "problems of the day," rather than "point-scoring, or party issues."

The public was consulted on this subject of personal interest in the latest Gallup poll. An analysis of cross-section of all groups in the voting population was asked.

The "You Think Clergymen Should or Should Not Discuss Politics During the Sermon?"

The response was heavily negative.

Should 75
Should not 15
Undecided 10

Voters in the marriage show the greatest opposition. Members of the United Church tend slightly more to approve of the practice than adherents of the other church groups.

The upper income class expresses somewhat more favor than middle and low-income people.

A person's concept of "politics" evidently determines to a great extent his or her attitude towards the suitability of politics for the pulpit.

Following the above question, each person who expressed an opinion was asked, "why?"

The replies form an interesting pattern. Those opposed to the practice reasoned along such lines as: "The church is not the place for politics," "It would make the church an organ of propaganda."

Those in favor supported their view with such arguments as "politics are part of everyday life," "The clergy can stir up people to take an interest in civic affairs," and "there should be more Christianity in politics and the clergy should point out the way for us."

Vancouver to Get Wartime Housing

By Richard Sanborn
OTTAWA.—One thousand new wartime houses have been promised for Vancouver to take up the big slack in veterans' housing accommodation which will come when the old Vancouver hotel is finally vacated.

The promise of these additional wartime houses is clearly tied to the negotiations going on for extension of the lease on the old hotel, which now houses 1,200 veterans and their families.

A. W. Cowley, executive member of the Vancouver Citizens' Rehabilitation Council said: "There is no limit in our minds that the program will be extended for another year."

COMMITTED FOR TRIAL
VICTORIA, (CP)—Mr. M. M. Bethel Yuen, 34, charged with the murder of her year-and-a-half-old two daughters, Friday was committed for trial after preliminary hearing in city police court.

BALTIMORE. (AP)—Two years ago, little Miss "E.M.S." was wheeled into the surgical amphitheatre at the Johns Hopkins hospital for a delicate operation to correct an insufficient flow of blood into her lungs.

"E.M.S."—her identity is a medical secret—died, but the operation, performed 210 times since that first attempt, has given new hope to the parents of "blue" babies throughout the world.

The surgical technique, devised by Dr. Alfred Blalock and Dr. Helen B. Taussig, has been successful in about 80 percent of the cases.

In the last two years the hospital has been besieged with letters and telegrams. The cardiac clinic has had appointments for examinations at the rate of two a day until next May. It has 200 other requests for appointments.

Each "blue" baby is born with a malformed heart which prevents the blood from getting enough oxygen. Without the operation, virtually all die before reaching adulthood.

Youngsters have come to Hopkins from Canada, France and almost every state, in many bombers, chartered air transport planes and trains. One mother hitchhiked 400 miles from southern West Virginia with her baby, only to find he was not operable.

The artery which pumps blood to the lungs of these babies is defective. The operation, sometimes lasting three hours, consists of joining a branch of the artery to a branch of the aorta which carries blood to all the body except the lungs via what physicians call the subclavian pulmonary artery.

Recently, Dr. Blalock and Dr. Taussig, Dr. E. M. Smith, Jr., announced the successful experiment of using the artery itself to supplement the pulmonary artery.

Defence Against
Rockets Is Claimed

ALBANY, N.Y. (AP)—Col. Leslie E. Simon, director of ballistic defense at the Army's Research, Development and Test Command, is proving ground, said Friday his experimental rockets.

Effective weapons against airborne targets have developed a potentially Col. Simon said, the counter-weapon, ready for use if needed, is a bullet-charged rocket which can penetrate armor and destroy aircraft engines or rockets in flight.

In the technique described by Col. Simon, a series of these missiles would be placed in a large warhead to be fired in a series of bursts as it approaches the target.

The individual missiles then would spread out in a net-like pattern with the distance between them fully regulated. At least one of them, he said, certainly would explode the enemy rocket.

Protest Shelling
Of French Ships

HANOI, Indo-China, (AP)—Gen. Louis Mouton, French commander-in-chief for Indo-China, has ordered the French navy to shelling of Viet-Nam's president, Ho Chi Minh.

French cruiser, and another French warship, by a Viet-Namese shore battery off Haiphong, (Agence France-Press said neither ship had been hit.)

Negro Killed, 4 Hurt
In Football Fracas

AUBURN, Ala. (AP)—Municipal police cancelled a Negro dance and ordered the crowd dispersed as a precaution against disturbances after a football game.

In which the Negro was killed, two others were injured and three others hurt. The game was between two Negro high schools.

Four Workers Die
In Anchorage Fire

ANCHORAGE, Alaska, (AP)—Four U.S. war dead were killed in a fire here, when fire destroyed a civilian barracks, housing 20 persons, at Fort Richardson.

Several persons were taken to hospital, none seriously injured. Origin of the fire was undetermined.

To Better Equip Your Home and Farm

VIKING AIR CHARGER
6 Volt 120 Watt DELUXE AIRCHARGER **\$37.95**
For farm use... This aircharger is ideal where lights only are required. Will operate with 6 volt car or lighting plant batteries.
Lighting Plant batteries for above aircharger, 180 ampere hour capacity 6 volt glass jar set. **\$30.25**

32-VOLT 1000-WATT DELUXE AIRCHARGER **\$222.00**
FOR FARM USE ONLY

Onan 1500-Watt 32-Volt D.C. Lighting Plant Remote Control **\$307.50**
Automatic **\$346.00**
The above prices are for farm use only.
This plant will handle your farm lighting requirements as well as operate your lighting plant and motor up to 1/2 hp. The remote control plant can be started from any location within 50 feet of the plant.
Lighting plant batteries for the above plant, 200 ampere hour capacity 32 volt glass jar set. **\$154.00**

Onan 110-Volt A.C. Remote Control Lighting Plants
1000 watt plant **\$383.00** 3000 watt plant **\$639.00**
2000 watt plant **\$576.25** Automatic control panel **\$67.25**
The above plants are complete with batteries. The above prices are for farm use only.

Features of 110-Volt A.C. Plants
Lights and appliances are the same as for city electricity and therefore lower priced.
Wiring costs are less than for lower voltage plants.
Has a 12-volt 150 watt circuit that can be used when the plant is not operating.
Operation cost approximately 3 1/2¢ per kilowatt hour.
Automatic plant starts when a 50 watt or greater load is put on the circuit.

For further information regarding lighting plants or lighting plant batteries, call or write to EATON'S, Westmonte, Boise, Idaho, or Edmonton, Alberta.

THE T. EATON CO.
WESTERN LIMITED

VIKING AIR CHARGER

For lighting the farm in addition to operating 32 volt cream separators, washing machines, milking machines, stoves, etc. Starts charging in a 4 1/2 mile an hour breeze.
Lighting plant batteries for above aircharger. 180 ampere hour capacity 32 volt glass jar set. **\$295.00**
An item on this page at \$15.00 or over is available on Budget Plan terms in accordance with Wartime Prices and Trade Board regulations.

THE COOK'S STORY

"FOR goodness sake!" exclaimed the Cook one morning when he swept two blackberry thorns from behind the kitchen stove. "Gogo, I wish you'd take these thorns out of the kitchen. They've been back of the stove here for more than three weeks."

"Yas, sah," answered Gogo, who was drying the breakfast dishes. "Ah reckon those thorns are dry by now. Ah is gwine fo' to make a combination grub hoe and wah club out of those thorns."

"WAR CLUB?" gasped the Cook. "What in the name of prune seeds do you want with a war club?"

"Ah is gwine fo' to make wah on caterpillars, ants and other varmints next Summah and Ah decided fo' to make a good stout garden hoe and a wah club," grinned Gogo.

"Those blackberry thorns are sure tough," said the Cook. "One of 'em saved my life once."

"How dat?" asked Gogo.

"Well," began the Cook as he sat down on the kitchen stool. "I wanted to get about seven or eight blackberries to make into jam and jelly. I tried to get the boys to bring some berries, but they were all busy digging a potato and I decided to get them myself. There are some big bushes growing right beside the lane, and I was afraid if I waited too long the birds or the big folks would get them. I climbed up to the top of one of the bushes because the berries ripen first at the top. I pulled off a big one and was reaching for another when an automobile went tearing by on the lane. The speed of the auto as it rushed by made a blast of

wind like a cyclone and I was blown off the bush. I grabbed a leaf as I fell but it tore loose from the bush and I'd have been a goner if a thorn hadn't caught my sweater and kept me from falling. It was a long way down to the ground and I just hung there for a few minutes before I was calm enough to drag myself back onto the bush. I'll tell you, I was pretty well scared. I wished I had waited until some of the boys could come with me."

"Did yo' get enough berries fo' de jam?" asked

Gogo, who was particularly fond of jam on his bread. "Or did you jes' light out for home when you got down on the ground once mo'?"

"Oh, yes, I got my berries all right," answered the Cook. "I pulled off eight or nine and dropped them to the ground and then I climbed down and packed them home on my back. I got 41 jars of jam and 24 jars of jelly from those berries. The Lady of Fashion said it was the best blackberry jam and jelly she ever ate."
